

Problems

Solutions

| | |
|--|---|
| People do not get all types of grocery and house hold things in one app | Make a app which will take all data from apps and display it in a screen to buy |
| Some times anyone buy's a thing and warranty is over and that person want to return or sell item | Make app in which people can buy and sell both |
| Most of apps don't have many filters | Insure that |
